

Our Children's Charter

As elected representatives of the Voices of Brunton, we have worked together to create a set of promises which form our Children's Charter. We understand that each child at Brunton is unique, but believe that we all share these values. We all believe that to share and work towards these values each day is to be a good Brunton role model.

At Brunton, all pupils promise to try their best to be:

Brave and positive when facing new challenges

Respectful to all

Understanding, caring and kind

Neat and tidy – both in our work and in our playground

Thankful for what we have

Open and honest with each other

Neighbourly – with each other, and as members of our wider community

This children's charter was written and agreed by the Voices of Brunton 2018.
