

Our Learning Journey – Spring 1

PSED

During this term we will look at developing the children's understanding of their feelings and the feelings of others. We will focus on persevering and continuing to try even when it is difficult to develop a positive attitude. We will continue to encourage the children to work and play cooperatively. This term we will also focus on dental hygiene.

Stomp, Chomp, Big Roar

We have noticed a lot of our children are very interested in dinosaurs so we have decided to use this as a stimulus for our learning. We will be learning lots of information about dinosaurs, their diets and how fossils are made. We start our topic with an exciting video of a dinosaur in the school yard! **It will be ROARsome!**

Expressive Arts and Design

Learning about dinosaurs will provide the children with lots of exciting opportunities to make and create! We will experiment with salt dough and make bones to create our own dinosaur skeletons! We will dance and move around to different music like dinosaurs.

Literacy

The children will continue to have daily phonic session and practise their tricky words. We will read lots of dinosaur themed books including non-fiction texts like *Stomp, Chomp, Big Roar!* *Here come the dinosaurs!* *If I had a dinosaur* and the *Worrysaurus*. We will write facts and label parts of dinosaurs using our phonic knowledge.

Numeracy

This term we will be focusing on the composition of numbers up to 10 using dinosaur related objects. We will also be practising our quick subitising whilst playing games involving dice. Children will be focusing on finding one more using the number blocks as stimulus.

EAD

Numeracy

Literacy

- ✓ Please make sure children bring in gloves, hats and scarves when the weather is cold as we will be accessing the outdoors every day.
- ✓ Ensure all children's belongings are labelled please!
- ✓ It would be amazing if you could encourage children to zip up their own coats and put on their own gloves and hats.
